BeautifulGeek(jaena): **moves to him seductively then straddles him slowly running her hand down his cheek slowly a smoldering look in her blue eyes**

BeautifulGeek(jaena): **lowers her face to his and slowly traces her tongue across his bottom lip**

alchemicsoul-DJ: **wraps his hands around Geek's waist, his eyes meeting hers, bewitched by their intensity as he pulls her to him**

BeautifulGeek(jaena): **then slowly kisses softly with a lightly kiss barely touching his lips several times before engaging fully**

alchemicsoul-DJ: **reaches up, my hand tracing up Geek's back softly before running up the back of her neck, tracing through her hair before pulling her into the kiss further, my lips playing against hers**

BeautifulGeek(jaena): **Slowly draps her arms around his neck as she slides her tongue into his mouth seeking his**

alchemicsoul-DJ: **allows his tongue to dance with hers, one hand tracing through her hair, teasing at her scalp with his fingertips while his free hand pulls her tighter to him, inhaling her scent**

BeautifulGeek(jaena): ** brings her right hand to the back of his head slowly and lightly pulling at his hair as she commites to deeping the kiss letting a soft moan to usher out as psuhes her body closer to his her breasts crushing into his chest**

alchemicsoul-DJ: **breaks the kiss for just a moment, leaning in to nip at her earlobe... teasing it gently before kissing just underneath it, caressing the soft skin of her neck**

alchemicsoul-DJ: **my hand slipping from her hair, caressing her cheek softly**

BeautifulGeek(jaena): **Her body shudders from his kissing of her neck. She gently licks his ear then lightly sucks on his earlobe for a moment before everso softly nibbling on it**

BeautifulGeek(jaena): **the heat of her skin rising as his lips kiss on her neck**

alchemicsoul-DJ: **sighs deeply, nipping softly just over the tender skin of her neck before tracing his tongue lightly northward... my lips feathering over Geek's jawline before finding her lips again, my breathing deepening, knowing Geek can feel the effects she's having on me**

BeautifulGeek(jaena): **before she engages into another deep kiss she lightly sucks on his lower lip before she slides her tongue into his mouth again with another passion filled kiss**

BeautifulGeek(jaena): **she trails her arm back toward her and let's her hand trace down his neck to his chest softly rubbing up and down**

alchemicsoul-DJ: **inhaling Geek's scent, my lips open against hers as my tongue dances with hers, my hands doing their best to stay in safe places as I relish her taste... my eyes closing as I feel her hand move**

BeautifulGeek(jaena): **She moans softly as she deepns the kiss to the point their teeth lighly clash against each other**

alchemicsoul-DJ: **leans further into the kiss, my fingers entwining in her hair as my tongue entwines with hers... my other hand sliding further down, playing with the belt of her shorts**

BeautifulGeek(jaena): **Breaks the kiss long enough to tilt her head to the opposite side then reenters the kiss moansing slightly as she rubs his chest more quickly and harder**
